# Virtual marketplace for second-hand items

Magdalena Słonińska

The idea

Online second-hand shopping is a win-win situation:

- unique & vintage gems

- affordability

- sustainability

- reducing waste

- not limited to local sellers

Core functionality

➜ Publishing listings

➜ Browsing active listings

➜ In-app transactions

➜ Seller reviews

Additional features

→ Personalized user profiles

→ Wishlists

→ Notification system

→ Search/filtering tools

My solution

"The web framework for perfectionists with deadlines."
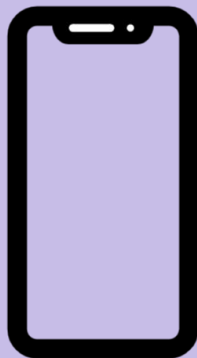

Let's explore!
